SEMESTER, SUMMER AND INTERNSHIP
PROGRAMS IN AUSTRALIA

AN **ADVENTURE IN MIND™**

The **EDUCATION ABROAD** Network
by WorldStrides®

www.TEANabroad.org

CHOOSING WHERE TO STUDY ABROAD IS A BIG DEAL. SO WHY GO TO AUSTRALIA? LET US COUNT THE WAYS:

1. With more than 20 different TEAN semester and summer programs, there's something for everyone.
2. **ALL majors are available in English, so you can easily get the credits you need to stay on track for graduation.**
3. Australia boasts high quality academics with five universities ranked in the top 50 in the world.
4. **Australians are considered some of the friendliest people in the world - so you should have no trouble making friends - but it helps that you already speak the same language, allowing you to become more fully immersed into the local culture.**
5. The country is home to more than 500 national parks, 2,700 conservation areas and 10,000 pristine beaches...it's stunning with always something new to explore!
6. **Australia is also home to some of the world's most iconic UNESCO World Heritage Sites, like the Great Barrier Reef, Uluru and Sydney Opera House.**
7. It's happy! Australia is ranked in the top 10 happiest countries in the world according to the UN's World Happiness Report.

TIARE FRIDRICH
UNIVERSITY OF RHODE ISLAND

Studying abroad with TEAN was one of the best decisions I've ever made. In the five months I was there, Australia welcomed me in and became my home. I visited places that I'd only ever dreamed of seeing and learned from professors who are pioneers in their field, all the while learning real life skills. I made some of the best friends of my life who each made it their personal mission to make my time in Australia as memorable as possible. They became my family and leaving Australia felt like I left an entire life behind. Studying abroad in Australia changed my life and I can't wait until I can go back.

8. It's safe! Melbourne and Sydney are ranked in the top 10 safest cities in the world by the EIU Safe Cities Index of 60 cities worldwide. You can expect all other less populated cities to be just as safe.

9. With its massive size (not to mention the amount of time it takes to just get there!), studying or working in Australia are two of the best ways to fully experience all the country has to offer.

HANNAH SCHUBE
DEPAUL UNIVERSITY

Whitehaven is easily the best beach in Australia and also the most iconic. Honestly, all the beaches in Australia are pretty spectacular!

WE KNOW IT BETTER THAN ANYONE ELSE!

TEAN was originally founded in 1995 down under as 'Study Australia' by two Americans who studied abroad in Australia themselves. Today, TEAN is still led by these same two friends and has grown to include study abroad locations across Asia Pacific.

UNBEATABLE AND PERSONALIZED PROGRAMS

Choose from the most comprehensive, value-based programs and benefit from knowledgeable, experienced staff that provide a 24/7 extensive support network in each program location across Australia.

STEP-BY-STEP GUIDANCE THROUGH THE APPLICATION PROCESS

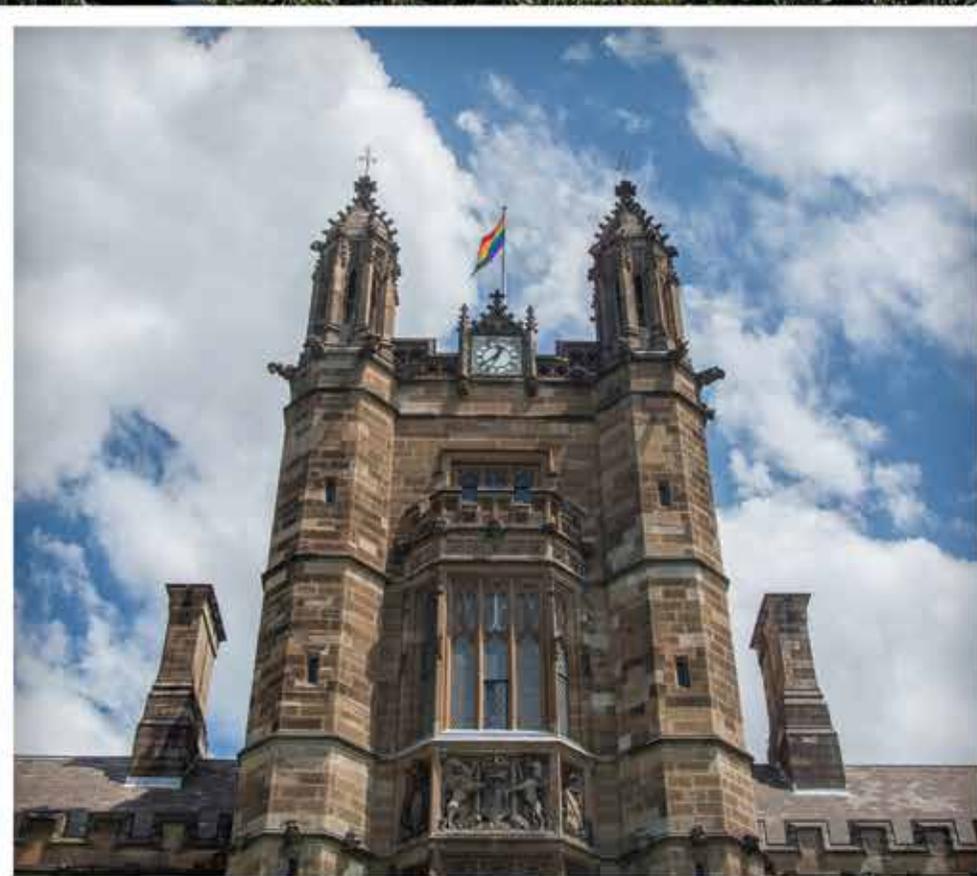

To start your journey, our Chicago-based team can advise you on the best school for your academic needs with a location that fits your lifestyle. We also guide you each step of the way – from figuring out financial aid planning to securing your student visa; helping you find the best flights to transferring course credit.

STUDY AND INTERN ABROAD

Get placed in an ideal internship with the help of our Australia-based internships manager and well-connected Internships Team that have an extensive network of contacts throughout the country. Students can benefit from TEAN's internship network either through a full-time internship, or a part-time internship during a semester studying abroad.

SCHOLARSHIP OPPORTUNITIES INCLUDING A FULL RIDE

Apply for TEAN's variety of scholarships including need, merit, and diversity based scholarships. TEAN also offers a coveted annual full ride scholarship awarded to one standout student that covers tuition, program fees, orientation and housing.

DANIELLE DRAKE
VILLANOVA UNIVERSITY

The University of Sydney is such a beautiful school! Taking classes surrounded by locals and being taught by Aussie professors allowed me to learn so much about the country and really feel integrated into this culture - especially during our field trips.

SCHOOLS ACROSS AUSTRALIA

Semester programs are available at 19 top Australian universities in eight different locations across the country so you can find the courses you need in the destination that suits your lifestyle.

INDIVIDUAL IN-COUNTRY SUPPORT

Students in all programs are personally supported by TEAN's knowledgeable Resident Directors and other in-country staff throughout the semester. Get help with figuring out your new school expectations or simply where to find the area's best latte.

INCREDIBLE HOUSING

Live in our carefully chosen housing - from on-campus dorms to our quality off-campus apartments with some even right on the beach!

AWESOME ORIENTATION EXCURSION

A comprehensive Orientation Excursion provides five-days of adventure and learning in the tropical far north of Australia, complete with experiencing the Great Barrier Reef.

TRAVEL OPPORTUNITIES

Adventure even more with optional organized trips such as a weekend getaway to Melbourne, and the chance to explore the culture of Thailand or natural beauty of New Zealand during the mid-semester break.

OPTIONAL INTERNSHIPS

For those interested in professional experience, optional part-time internships can be arranged in addition to your courses.

INCLUDED CULTURAL EVENTS

Each program location offers a range of included activities, such as surfing on the Gold Coast and in Sydney, seeing a live comedy show in Melbourne or catching an Aussie Rules football game in Perth, to better connect you with the culture and local community.

DISCOUNTED TUITION

Take three courses instead of four to receive discounted tuition for some programs. (Three courses is equivalent to 9-12 U.S. credits depending on your home university's credit transfer policy.)

JENNA KOBATA

CALIFORNIA LUTHERAN UNIVERSITY

TEAN organized great events during the Orientation. Being situated in Cairns, we spent a day out on the famous Great Barrier Reef where I saw its beauty and learned about ways to preserve the life there. I got the chance to finally see kangaroos and koalas at the Wildlife Habitat. During the orientation sessions, I learned about Australians from a local's perspective, caught on to some of their lingo, and was given tips on how to adjust to a new culture and way of living. It was a great five-days that left me knowing I was going to enjoy my time in Australia.

All Australian universities provide extensive student services that typically include: academic skills support; 24-hour computer labs; on-campus WiFi; on-campus security; health services; disability services; counseling services; sports and recreation facilities; student clubs and societies; cafes and restaurants.

As the leading study abroad provider for Asia Pacific, TEAN offers unique summer programs throughout Australia allowing students to:

- ▶ EXPERIENCE LIVING AND STUDYING DOWN UNDER
- ▶ RECEIVE COURSE CREDITS AND GAIN HANDS-ON PRACTICE IN THE FIELD
- ▶ TRAVEL WITHIN AUSTRALIA

Each comprehensive program runs over three weeks and moves to different locations across the country for a truly immersive experience.

CONTEMPORARY ISSUES IN PUBLIC HEALTH

Designed for a range of students interested in public health, this program – which moves through Brisbane, Byron Bay, Sydney and Cairns – is taught through morning lectures followed by field excursions emphasizing the differences in health indicators for indigenous and non-indigenous populations.

SPORTS AND EXERCISE PSYCHOLOGY

Created as an introductory course for students interested in a variety of health and exercise science studies, as well as student athletes and sports enthusiasts, this course blends in-class lectures with diverse field trips, personal fitness and surfing training, guest speakers and presentations.

AUSTRALIAN ENVIRONMENT AND CONSERVATION

Recently redesigned and relaunched nearly 25 years running, this program has local experts take students to some of the most beautiful and ecologically important places in the country offering an introduction to Australia's environment and wildlife contextualized within the global ecological crisis.

AUSTRALIAN TROPICAL MARINE ECOLOGY

Traveling to diverse locations, including time spent at the Great Barrier Reef, students study Australian flora and fauna, marine biodiversity, ecology, conservation, environmental issues and marine park management through lectures, documentaries, hands-on experiences and independent research projects.

WORK IN ANY FIELD! ▶ EARN 6 CREDITS! ▶ LIVE AND WORK IN AUSTRALIA LIKE A LOCAL!

One of the best ways to **make the leap into working abroad** is by completing an internship in Australia – **a longtime leader in the health, sports science and management, animal science and technology industries.** Offering a range of internship opportunities throughout the country, TEAN works tirelessly to connect students with **highly relevant placements in every trade.**

While Sydney is a popular destination as an international business hub, other cities throughout the country also provide a variety of internships suited to meet nearly every degree or interest.

PROGRAM OVERVIEW

- Real world work experience with a full-time internship (minimum 32 hours per week) in pre-established positions for 8 weeks (summer) or 14 weeks (semester)
- **Professional development via interview preparation sessions and individualized feedback/coaching, along with an evaluation procedure, re-entry advising and more**
- Guaranteed pre-arranged TEAN housing in centrally located, fully-furnished apartments which include internet and utilities
- **Explore the Great Barrier Reef and tropical northern Australia during a five-day Orientation Program, combining a week of adventure with learning about local business etiquette and internship best practices**
- Cultural events and excursions included throughout the duration of the internship
- **Resident Directors based in each city who support interns culturally, professionally and personally throughout their stay**

My study abroad experience was more than I had ever expected. Originally unsure of where to study, Wollongong proved to be a great fit for me – it was the perfect distance from Sydney and centered between the beach and the mountains. TEAN made all of the planning as easy as possible and ensured that I was having a great time. Their orientation and ongoing services were more than worth the money spent to study through them. I would certainly recommend TEAN to any student.

I honestly thought that everyone was being dramatic when they told me study abroad changed them but now after experiencing it myself, I know that those people were anything but dramatic. Studying abroad was the best experience of my life and TEAN played a huge role in making it that way – I would go through TEAN a hundred more times. Australia made it so hard to want to come home and I hope I get to go back one day and explore some more.

TEAN provided me with the study abroad experience I wanted and even experiences I didn't know I wanted. They provided the resources and expertise to optimize my time in a foreign country. Thanks to TEAN, I didn't have to worry about the minutia, instead I focused my time on immersing myself in the culture, making friends from all across the world and pushing past my comfort zone. Studying abroad has allowed me to respect other cultures and sparked my love for traveling and discovery.
